Newport Beach, CA | 949-922-1752 | jakedavidson0312@gmail.com | linkedin.com/in/jake-davidson1

PROFESSIONAL SUMMARY

Business/Data Analyst with hands-on experience across product development and sales functions. Experienced with AI agent development and the orchestration of data pipelines and complex data analysis. Proven ability to leverage AI tooling to translate complex datasets into actionable insights that accelerate revenue and operational outcomes. Skilled across the full analytics stack from Python and SQL to LangChain and Salesforce, with a track record of delivering in a fast-paced environment, including start-up business models as well as scaled technology companies.

PROFESSIONAL EXPERIENCE

Business & Data Analyst Feb 2025 – Present | Orange County, CA.

[One Move Advisory](#) - GTM consulting services to software companies working to build or improve field performance.

- Develop content strategies and data-driven deliverables for SaaS portfolio companies, supporting technical sales, marketing, and customer success teams.
- Leverage agentic AI workflows to accelerate research, synthesize competitive intelligence, and surface insights for client engagements.
- Built an application that assessed sales teams' knowledge and application of technical skills, strategic selling skills, operational efficiency, and territory management. This was utilized as a primary diagnostic mechanism to then create a get-well plan.
- Created standardized frameworks for GTM across the following dimensions. MEDDPICC, BANT, etc.
- Created specific Claude agents to automate aspects of writing sales/marketing enablement plans, client research briefs, and SOW builder.

Software Engineering Intern, May 2024 – Aug 2024 | Atlanta, GA

[Sema4.ai](#) - Enterprise platform to build, run, and manage intelligent AI agents that transform how work is done

- Architected and deployed Python-based AI agents within VS Code IDE, leveraging Salesforce CRM data to optimize logo acquisition and ARR expansion strategies.
- Designed and implemented a Linux server-side tickler system that trained LLMs to recognize and optimize time-sensitive parameters.
- Delivered comprehensive training sessions on the full Lang Ecosystem to cross-functional staff, enabling broader adoption of AI tooling.

Corporate Development Intern June 2023 – Aug 2023 | New York, NY

[Appfire](#) - SAAS company that builds apps to enhance, extend, and connect major work management platforms

- Conducted M&A due diligence on target companies across complementary product segments, evaluating strategic fit and integration opportunities within the Atlassian ecosystem.
- Modeled post-deal integration scenarios and authored deal memos leveraged directly by the CFO in acquisition decision-making.
- Supported the successful close of one acquisition; built a Microsoft Access deal-data repository enabling categorical abstraction and profiling for future M&A targeting.
- Produced investor presentations blending multi-source datasets and KPIs to support an active capital raise.

EDUCATION

B.S. Informatics – May 2025, *Indiana University – Luddy School of Informatics, Computing, and Engineering*

- Dean's List
- Minor: Business (Kelley School of Business)
- Certificate: Data Analytics (CPE)
- Recruitment Chair, Sigma Phi Epsilon | Member, Letters of Love

PROJECTS

CivicSync – Full-Stack Volunteer Platform

- Built a Java/Python/PHP/HTML/CSS/SQL platform connecting local nonprofits with community volunteers, enabling opportunity discovery by interests, skills, and availability.
- Integrated Google Sign-In and Google Maps API for streamlined authentication and geospatial visualization of volunteer opportunities.

TECHNICAL SKILLS

AI / ML: Agentic AI, LLM fine-tuning & prompt engineering, ML/AI pipeline development

Languages: Python (Advanced), SQL (Advanced), HTML/CSS (Advanced), PHP (Advanced), Java (Intermediate)

Frameworks & Tools: LangChain, LangGraph, LangSmith, Salesforce, Microsoft Access, Microsoft Power BI, VS Code, Claude, OpenAI, Gemini

Other: Data Analytics, Server-Linux, Advanced Mathematics, Microsoft Office Suite
